

Identifying Types of Plastics

Eco360 Jr.
Learner Worksheet
Grade Level: 3-8

Give one example of each type of plastic, say whether it can be recycled and where you have seen it before (e.g. type 1 is used for plastic beverage bottles, Y - it can be recycled, grocery store):

Type of Plastic	1	2	3	4	5	6	7
Example							
Can it be recycled? (Y/N)							
Where have you seen this before?
