

Build an eCard for Earth Month!

With eCards, share your message about taking action for the Earth with people that make important decisions about our environment.

You have a voice. You can make a difference.

1: Tell us about the actions you're taking for Earth Month!

We'd love to hear about how you are helping the environment:

- Schoolyard cleanup
- Waste-free lunches
- GreenLearning Challenge
- Reading a GreenLearning Backgrounder
- Adopt-a-Storm-Drain
- Joining an eco club
- Classroom waste reduction contests
- Inviting an environmental guest speaker
- School Energy Audit
- Fundraising for school greening projects

For more ideas and free resources, visit [GreenLearning.ca!](https://www.greenlearning.ca)

2: Plan Your Messaging & Artwork

Use the eCard worksheet to guide your design and message.

How does it communicate the importance of taking action?

3: Send to GreenLearning

Help us inspire others by sharing your message

It will be displayed in our online gallery, and our we'll share our thoughts. Visit [programs.greenlearning.ca/ecards](https://www.greenlearning.ca/ecards) to submit your work.

How are you going to use your voice?
