Earth Month eCards

What is an eCard?

An eCard is a digital message written by kids. Students can share their art and message about the environment in an eCard. GreenLearning will post the messages in an online gallery, and send the messages by email to decision makers.

Instruction Checklist:

Brainstorm: What actions you are taking for Earth Month?

What is your class doing?

Why do you think Earth Month is important?

What do you want to know more about?

Write out your message

What do you want people to know?

Are there any new spelling words you can use?

Make some artwork!

Your artwork and written message should share the same idea.

Ask your teacher to help you send your eCard to GreenLearning

- *Your teacher might send a picture of your eCard to ecards@greenlearning.ca*
- *Or, you and your teacher can submit your eCards at <https://programs.greenlearning.ca/ecards>*

Check us out! GreenLearning's free programs are available online at greenlearning.ca
